

FOR IMMEDIATE RELEASE

ProMed Properties Welcomes Beth Israel Medical Center's Head, Neck and Thyroid Cancer Institute to Westchester Medical Campus

WHITE PLAINS, NY (May 17, 2010) – ProMed Properties (“ProMed”) announced today that Mark L. Urken, MD, FACS, Chief of the Division of Head and Neck Surgical Oncology at New York's Beth Israel Medical Center's Department of Otolaryngology and his prominent team of physicians and surgeons have joined ProMed's Westchester Medical Campus, located at 244 Westchester Avenue in White Plains, New York.

The new Institute for Head, Neck and Thyroid Cancer directed by Drs. Louis Harrison, Mark Persky, Mark Urken and Kenneth Hu, offers world-class convenient care to patients in the Lower Hudson Valley and throughout the tri-state area. An official ribbon cutting ceremony will take place on Wednesday, May 19th at 6:00 pm. The physicians at the Institute provide evaluation and treatment of tumors of the head and neck, salivary gland, thyroid and parathyroid glands, as well as treatment for cleft lip and palate deformities, to name a few.

Josh Friedman, President & CEO of ProMed Properties stated, “ProMed is delighted to welcome Beth Israel Medical Center's state-of-the-art Institute for Head, Neck and Thyroid Cancer to our Westchester Medical Campus. We wish Dr. Urken and his team of experts continued success in the overall treatment and prognosis of these diseases while also improving the quality of life for the patients in the area.”

ProMed's Westchester Medical Campus comprises five adjacent medical office buildings totaling approximately 189,000 square feet with frontage along I-287, the major east-west connector in Westchester County. The buildings are well-located with proximity to major hospitals, affiliate specialty hospitals, and the headquarters of one of the largest private physician groups in the county.

About ProMed Properties

ProMed Properties is privately owned and engaged in the acquisition and management of medical office and medical-research buildings in growing metropolitan areas of the United States. Its primary investment objective is the creation of value through long-term maximization of cash flow and capital appreciation from its real estate investments. Further, ProMed expands its portfolio by serving the real estate requirements of major hospital and university systems. ProMed Properties owns and operates over one million square feet of medical office and medical research buildings, and two multi-story parking garages. For more information about this property, please contact Chris Montello at 305-947-8800.
